

Cooperative Fish and Wildlife Research Units Program—
2017 Year in Review

U.S. Department of the Interior
U.S. Geological Survey

Dear friends,

I invite you to take a look at the U.S. Geological Survey Circular 1438, Cooperative Fish and Wildlife Research Units Program—2017 Year in Review, now available at <https://doi.org/10.3133/cir1438>. In this report, you will find details about the Cooperative Fish and Wildlife Research Unit Program's (CRU) activities in 2017, including fish and wildlife science, students, staffing, vacancies, research funding, outreach and training, science themes, accolades, and professional services. You will see snapshots of CRU projects with information on how results have been or are being applied by cooperators. This is the essence of what we do: science that matters.
